Reserve X BIBLIOGRAPHY ON UTILIZATION OF UREA, AMMONIA AND RELATED NON-PROTEIN
NITROGEN COMPOUNDS IN ANIMAL FEEDING X

- (1) VÖLTZ, W. (Germany)
1907. The utilization by herbivora of the amid mixtures occurring in molasses. Arch. Physiol. (Pfluger) 107, pp. 541-563. Exp. Sta. Rec. 19, 1167.
- (2) VÖLTZ, W., DIETRICH, W., and DEUTSCHLAND, A. (Germany)
1918. The utilization of molasses amids in comparison with protein by the organism of ruminants. Landw. Jahrb. 52, No. 3, pp. 431-455. Exp. Sta. Rec. 46, p. 67.
- (3) VÖLTZ, W. (Germany)
1919. Significance of amides in the nutrition of ruminants; preliminary communication relative to the replacement of nutrient protein by urea in the case of growing ruminants. Z. Spiritusind 42, 223-4 (1919); Zentr. Biochem. Phys. 21, 473; C. A. 14, 1368 (1920).
- (4) VÖLTZ, W. (Germany)
1920. The substitution of urea for protein in the diet of growing ruminants; The food value of straw and chaff according to Beckman's method. Biochem. Z. 102, 151-227 (1920); C. A. 14, 2653 (1920)
- (5) MORGEN, A., SCHÖLER, G., WINDHEUSER, K., and OHLMER, E. (Germany)
1921. The substitution of protein by urea in sheep and milk-producing animals. Feeding experiments carried out in 1918-20 at the Württem Agricultural Experiment Station at Hohenheim. Landw. Vers. Sta. 99, 1-25 (1921); C. A. 16, 2167 (1922).
- (6) HENSEN, J. (Germany)
1922. Feeding experiments with urea for milch cows. Landw. Jahrb. 57, No. 2, pp. 141-190. Exp. Sta. Rec. 48, p. 770. C. A. 17, 2462 (1923)
- (7) MORGEN, A., WINDHEUSER, C., and OHLMER, E. (Germany)
1922. Albumin replaced by urea in the food of milk-producing animals. Landw. Vers. Sta. 99, 359-66 (1922); C. A. 17, 2462 (1923)
- (8) RICHARDSEN and BRINKMANN (Germany)
1922. Dairy cattle feeding experiments with urea. Fühling's Landw. Ztg. 71, No. 17-18, p. 12. Exp. Sta. Rec. 48, p. 670.
- (9) VÖLTZ, W., DIETRICH, W., and JANTZON, H. (Germany)
1922. The utilization of urea for milk production in cows. Biochem. Ztschr. 130, No. 4-6, pp. 323-431. Exp. Sta. Rec. 48, pp. 376-377.
- (10) HONCAMP, F., and SCHNELLER, E. (Germany)
1923. Urea as a protein substitute for ruminants. Biochem. Z. 138, 461-96. C. A. 18, 105.
- (11) HONCAMP, F., KOUDELA, S., and MULLER, E. (Germany)
1923. Urea as a protein substitute for lactating ruminants. Biochem. Ztschr. 143, No. 1-2, pp. 111-155. Exp. Sta. Rec. 50, pp. 677-678. C. A. 18, 2193.

- (12) HONCAMP, F. (Germany)
1923. The significance of amides in feeding stuffs. Z. Angew. Chem. 36, 45-7.
- (13) HONCAMP, F., KOUDELA, ST., and Muller, E. (Germany)
1924. Urea feeding experiments with milk cows. Landw. Vers. Sta. 102, 311-42.
C. A. 19, 1017.
- (14) LAVROV, B. A., MOLCHANOVA, and OCHOTNIKOVA. (Germany)
1924. The nitrogen efficiency of urea added to the food of young ruminants (goats). Biochem. Z. 153, 71-85; Chem. Soc. Jour. 128 Abst. 1, 464.
- (15) MORGAN, A., WINDHEUSER, C., and OHLMER, E. (Germany)
1924. Further experiments on the replacement of protein by urea for lactating animals. Landw. Vers. Sta., 103, No. 1-2, pp. 1-40.
- (16) UNGERER, E. (Germany)
1924. Urea and glycocoll as protein substitutes in experiments with milk goats. Biochem. Ztschr. 147, No. 3-4, pp. 275-355. Exp. Sta. Rec. 53, p. 275. C. A. 19, 315.
- (17) VÖLTZ, W., JANTZON, H., and REISCH, E. (Germany)
1924. Fattening and nutritional investigations with wether lambs in comparing urea with peanut cake. Landw. Jahrb. 59, No. 3, pp. 321-340.
- (18) PAASCH, E. (Germany)
1925. Feeding experiments on goats with ammonium acetate, urea and horn meal as protein substitutes. Biochem. Z. 160, 333-85. C. A. 20, 1096.
- (19) PEIPENBROCK, A. (Germany)
1927. The problem of the substitution of urea for protein in animal nutrition. Fortschritte Landw. 2, 650-56. C. A. 22, 1382.
- (20) BRIGL, P. and WINDHEUSER, C. (Germany)
1931. Silage; (a) from sunflowers (b) with additional urea. Tierernährung 3, 220-242. C. A. 25, 5476.
- (21) ZIEMER, FRANZ-HERMANN (Germany)
1931. Ammonium bicarbonate together with acid sugar-beet cossettes as a protein substitute (A feeding experiment on milk goats). Biochem. Z. 252-422. C. A. 25, 3038.
- (22) EHRENBERG, P., UNGERER, E., and KLOSE, H. (Germany)
1932. Ammonium bicarbonate as a protein substitute in the feeding of milk cows. Biochem. Z. 245, 118-45. C. A. 26, 3285.
- (23) EHRENBERG, P.
1932. Addition of ammonium salts to prepared silages. Mitt. Deut. Landw. Ges. 344. Fortschritte Landw. 7, 501. C. A. 27, 2714.
- (24) EHRENBERG, P., and BRIESE, H. (Germany)
1933. Replacement of food protein by ammonium bicarbonate in the feeding of milk cows. Biochem. Z. 257, 194-208. C. A. 27, 2186.

- (25) KIRSCH, W., and JONTZON, H. (Germany)
1933. The value of ammonium bicarbonate for nitrogen metabolism of ruminants according to experiments on the milch cow and wether. Z. Zucht. Reihe. B. Tiersucht u. Zuchtungbiol. 28, 451-8. C. A. 28, 5149.
- (26) EHRENBERG, P., and SCHOLTZ, A. (Germany)
1934. Replacement of protein by ammonium carbonate in the feeding of milch cows. III. Biochem. Z. 270, 188-202. C. A. 28, 5108. cf. C. A. 27, 2186.
- (27) EHRENBERG, P., MULLER, B., DIETRICH, F., and HOTZEL, K. (Germany)
1934. The substitution of ammonium bicarbonate for oil cake protein in the feeding of milk cows. Biedermauns Zentr. B. Tierernehr 6, 425-40. C. A. 28, 6876.
- (28) WINDHEUSER, C., HOFFMANN, O., and OHLMER, E. (Germany)
1935. Ammonium salts in silage making. Tierernahrung 7, 372-81. C. A. 30, 531.
- (29) MANGOLD, E., and STOTZ, H. (Germany)
1936. Experiments on the nitrogen balance of cattle with urea and "Amidflocken" (urea-treated potato flakes) as a substitute for protein. Landw. Vers. Sta. 127, 97-118.
- (30) CARSTENS, P., and MEHMER, A. (Germany)
1937. Results of a feeding experiment with urea supplement using Hohenfleckvieh cows in Boblingen. Forschungsdienst 4, 243-53. C. A. 32, 5039.
- (31) FINGERLING, G., HIENZSCH, B., KUNZE, H., and REIFGERST, K. (Germany)
1937. Substitution of urea for proteins in cattle feed. Landw. Vers. Sta. 128, 221-35.
- (32) KREBS, KURT (Germany)
1937. Value of the amides in the feeding of cattle. Historical consideration of the development of the amide question, critical evaluation of the state of our present knowledge. Riedermanns Zentr. B. Tierernahr. 9, 294-507.
- (33) MANGOLD, E. (Germany)
1937. The suitability and digestibility of some new feeding stuffs containing urea. Forschungsdienst 3, 606-8. C. A. 32, 5039.
- (34) MANGOLD, E., and STOTZ, H. (Germany)
1937. Experiments on the health of sheep and the digestibility of new urea feeding stuffs. Landw. Vers. Sta. 128, 199-204.
- (35) NEHRING, K., and SCHRAMM, W. (Germany)
1937. Digestibility of some new urea feeding stuffs. Landw. Vers. Sta. 128, 191-7.
- (36) WÖHLBIER, W., and WINDHEUSER, C. (Germany)
1937. The digestibility of "Amidechnitzeln". Landw. Vers. Sta. 128, 205-210.

- (37) SCHMIDT, J. and KLIESCH, J. (Germany)
1937. Sparing of the protein of feeding stuffs by nonprotein nitrogenous compounds. *Forschungsdienst* 4, 132-6. C. A. 32, 5039.
- (38) SCHMIDT, J. KLIESCH, J., KAMPFFER, A., and KREBS, K. (Germany)
1937. Experiments with urea and glycine as protein substitutes in the feeding of milk cows. *Forschungsdienst* 4, 229-43. C. A. 32, 5039.
- (39) SCHMIDT, J., KLIESCH, J., and KAMPFFER, A. (Germany)
1937. Further studies of the protein-sparing effect of feeding urea supplement to milk cows. *Forschungsdienst* 4, 439-43. C. A. 32, 5039.
- (40) BARTLETT, S., and COTTON, A. G. (Great Britain)
1938. Urea as a protein substitute in the diet of young cattle. *J. Dairy Res.* 9, 263-72. C. A. 33, 1020.
- (41) CARSTENS, P., and PRUFER, J. (Germany)
1938. Feeding amide flakes to laying hens. *Zuchtungskunde* 13, 109-19. C. A. 32, 5038.
- (42) EHRENBURG, P., NITSCHKE, H., and MULLER, J. (Germany)
1938. Report on protein substitutes (in feeding experiments) at Bettlern. *Futtermittelk.* 1, 33-71. C. A. 33, 1018.
- (43) FORSTHOFF, H. (Germany)
1938. The new amide mixed feed. *Zuckerrubenbau* 20, 170-3.
- (44) MART, E. B., BOHSTEDT, G., DEOBALD, H. J., and WEGNER, M. I. (Wisconsin)
1938. The utilization of the nitrogen of urea and ammonium bicarbonate by growing calves. *Proc. Am. Soc. An. Prod.* 31, 333-6. Also see *Wis. Expt. Sta. Bul.* 442 (1938) and 446 (1939).
- (45) KIRSCH, W., and SAUER, F. (Germany)
1938. The value of urea, glycine, "amidflocken" and amid schnitzel" for milk cows and growing sheep. *Biedermanns Zentr. B. Tierernahr.* 10, 451-80. C. A. 33, 6405.
- (46) LENKEIT, W., and BECKER, M. (Germany)
1938. The fate of the urea of "Amidflocken" in the rumen. *Z. Tierernahr, Futtermittelk.* 1, 97-101. cf. C. A. 31, 8624.
- (47) NEHRING, K., and SCHRAMM, W. (Germany)
1938. "Amides" as protein substitutes. V. Glucose ureide (feeding) to swine. *Biedermanns Zentr. B. Tierernahr.* 10, 525-48. C. A. 33, 6405.
- (48) RICHTER, K., and HERBST, J. (Germany)
1938. Effects of urea and glycolcoll as protein substitutes in the feeding of milk cows. *Landw. Jahrb.* 86, 22-51. C. A. 32, 9191.
- (49) SAUER, F. (Germany)
1938. The role of urea in the metabolism of ruminants. *Biedermanns Zentr. B. Tierernahr.* 10, 187-213. C. A. 32, 9211.

- (50) EHRENBERG, P., MITSCHKE, H., and GAFFERT, H. (Germany)
1939. Further experiments on feeding Amidschnitzel to milk cows. Z. Tierernahr. Futtermittelk. 2, 115-33. C. A. 33, 8713.
- (51) EHRENBERG, P. and STEINHARDT, R. (Germany)
1939. Experiments on feeding with ammonium carbonate in Oberjohnsdorf, January to April, 1936. Z. Tierernahr, Futtermittelk. 2, 150-159.
- (52) HART, E. B., BOHSTEDT, G., DEOBALD, H. J., and WEGNER, M. I. (Wisconsin)
1939. The utilization of simple nitrogenous compounds such as urea and ammonium bicarbonate by growing calves. Jour. Dairy Sci. 22, No. 10, pp. 785-798.
- (53) MURRAY, C. A. and ROMYN, A. E. (South Africa)
1939. Urea as a possible substitute for peanut cake for wintering young stock, Rhodesia Agr. J. 36, 554-9. C. A. 35, 1091.
- (54) NEHRING, K. (Germany)
1939. Feeding trials of urea supplements (Amidschnitzel) for milk cows. Forschungsdienst 7, 86-98. C. A. 33, 5035.
- (55) NEHRING, K., and SCHRAMM, W. (Germany)
1939. The influence of urea and glycine on the protein exchange and progress of growing sheep. The question of substituting amides for proteins. VII. Z. Tierernahr. Futtermittelk. 2, 201-38. C. A. 33, 8713.
- (56) RICHTER, FR., and MERGNER, H. (Germany)
1939. Urea and glycine as protein substitutes in feeding in relation to their effect on the composition of cow milk, and on the adaptability of this milk for cheese-making. Molkerei-Ztg. (Hildesheim) 53, 573-6, 598-601. C. A. 33, 8716.
- (57) ROBERTS, RICHARD G., and HORVITZ, HERMAN J. (U.S.A.)
1939. Liquid ammonia as a dietary supplement. Trans. Illinois State Acad. Sci. 32, No. 2, 124-6.
- (58) SCHMIDT, JONAS, and KLIESCH, J. (Germany)
1939. Amide feeding study on identical cattle twins. Zuchtungskunde 14, 401-12. C. A. 34, 4422.
- (59) SCHMIDT, JONAS, KLIESCH, J., and KAEMPFFER, A. (Germany)
1939. Further studies of the protein-sparing effect of feeding urea supplement to milk cows. Z. Tierernahr. Futtermittelk. 3, 162-74. C. A. 34, 8001.
- (60) SCHMIDT, J., and KLIESCH, J. (Germany)
1939. Studies on identical cattle twins with special consideration of the amide question. Zuchtungskunde 14, 193-204. C. A. 33, 8706.
- (61) STUDDT, E. (Germany)
1939. Amount and digestibility of the bacterial protein produced by zymogenic symbiosis in the paunch of ruminants on the basis of slaughtering results. Z. Tierzucht. Zuchtungsbiol. 44, 253-61.

- (62) WINDHEISER, C. (Germany)
1939. Feeding fermented fodder which has been treated with ammonium carbonate to milk cows. Biedermanns Zentr. B. Tierernahr. 11, 139-46. C. A. 33, 6405.
- (63) WORK, S. H., and HENKE, L. A. (Hawaii)
1939. The value of urea as a protein-supplement replacement for dairy heifers. Proc. Am. Soc. An. Prod. 32, 404-6. C. A. 34, 5499.
- (64) ACKERSON, C. W., HAM, W. E., and MUSSEHL, F. E. (Nebraska)
1940. Utilization of food elements by growing chicks. IX. N of urea. Nebr. Agr. Expt. Sta. Res. Bull. 120, 7 pp. cf. C. A. 34, 2889.
- (65) ARCHIBALD, J. G. (Massachusetts)
1940. A study of urea as a partial substitute for protein in the ration of dairy cows. Mass. Bull. 378, p. 31.
- (66) KRISS, M. and MARCY, L. F. (Pennsylvania)
1940. The influence of urea ingestion on the nitrogen balance and energy metabolism of rats. Jour. Nutr. 19, No. 2, pp. 151-160.
- (67) LENKEIT, W. and SCHLEINITZ, M. V. (Germany)
1940. Feeding experiments with amide flakes in young fat sheep. J. Landwirtsch. 87, 268-274.
- (68) LUND, A. (Denmark)
1940. Protein substitutes. Synthetic amides and bio-synthetic protein. Nord. Jordbrugsforsk. 159-165.
- (69) SCHMIDT, J., KLIESCH, J. and KAEMPFFER, A. (Germany)
1940. Further studies on the protein-sparing effect of amide slices in feeding dairy cows. Ztschr. Tierernahrung Futtermittelk. 3, 162-174.
- (70) HARRIS, L. E. and MITCHELL, H. H. (Illinois)
1941. The value of urea in the synthesis of protein in the paunch of the ruminant. I, II. Jr. Nutr. 22, No. 2, pp. 167-196, figs. 2. I. In maintenance (pp. 167-182). II. In growth (pp. 183-196).
- (71) KLEIN, W., and MÜLLER, R. (Germany)
1941. Protein minimum, zymogenic symbiosis and the production of protein by bacteria in the rumen from non protein nitrogenous compounds. Ztschr. Tierzucht, Zuchtungsbiol., 48, 255-276. M. A. & R. 13, 486 - see also 9, 1143.
- (72) MILLAR, H. C. (U. S. A.)
1941. Preparation of ammoniated sugar-beet pulp and corn silage. Ind. Eng. Chem. 33, 274-8.
- (73) OWEN, E. C., SMITH, J. A. B., and WRIGHT, N. C. (Great Britain)
1941. Chemical substitutes for dietary protein. Nature 147, 710-11. C. A. 35, 5952.
- (74) WEGNER, M. I., BOOTH, A. N., BOHSTEDT, G., and HART, E. B. (Wisconsin)
1941. Preliminary observations on chemical changes of rumen ingesta with and without urea. J. Dairy Sci. 24, 51-6.

- (75) WEGNER, M. I., BOOTH, A. N., BOHSTEDT, G., and HART, E. B. (Wisconsin)
1941. The utilization of urea by ruminants as influenced by the level of protein in the ration. *J. Dairy Sci.* 24, 835-44.
- (76) AXELSSON, JOEL (Sweden)
1942. Value and utilization of urea in animal nutrition. *Kgl. Lantbruks.-Akad. Tid.* 81, 159-173.
- (77) BICE, C. M., and DEAN, L. A. (Hawaii)
1942. Utilization of urea nitrogen by growing chicks. *Poul. Sci.* 21, No. 1, pp. 15-17.
- (78) JOHNSON, B. C., HAMILTON, T. X., MITCHELL, H. H., and ROBINSON, W.B. (Illinois)
1942. The relative efficiency of urea as a protein substitute in the ration of ruminants. *Jour. Anim. Sci.* 1, No. 3, pp. 236-245.
- (79) ULVESLI, O. (Norway)
1942. Experiments with reduced protein and urea for milk cows. *Landbrukshogsk. Inst. husdyrernaering foringsl0ere*, Rep. No. 20, pp. 4. Repr. from *Norsk Landbruk*, 1942, No. 34-35, 352-355.
- (80) ARCHIBALD, J. G. (Massachusetts)
1943. Feeding urea to dairy cows. *Mass. Sta. Bul.* 406, pp. 16.
- (81) BROUWER, E., FRENS, A. K., and STONEBRINK, B. (Netherlands)
1943. The protein value of urea and ammonium lactate for dairy cows. *Versl. RijkslandbProefst., 's Grav.* 49, 407-559.
- (82) BULLISON, A. E. (Mississippi)
1943.. More carotene, palatability, food value after urea treatment of sorghum silage. *Miss. Farm Res.*, Vol. 6, No. 4, p. 8.
